

SCION'S 2013 ART CAR PROGRAM

September 2012 | By Ben Dahl

When you set up an artist list like this (ALIGN, David Choe, Gluekit, Melvins, French, Cody Hudson, Mishka, Josh Graham, Dust La Rock and **Andrew Schoultz**) for a project, the results are going to be awesome regardless of what they're doing. When it's all sponsored by Scion as part of their 2013 Art Car Program and the teams are painting Scion iQs, it's going to be nothing short of amazing. With everything from Mad Max, to graffiti, to signature characters and style, the entire 2013 Art Car Program cements Scion's commitment to the arts like no other brand can. We never thought we'd say this, but these Scion iQs are seriously badass.
