By Glasstire

November 23 through December 21, 2013

Opening: November 23, 2013 | 6–8 pm

Mark Moore Gallery

5790 Washington Blvd, Culver City, CA 90232 [Get directions](#)

(310) 453-3031

Joshua Dildine has been making paintings that jumble together photorealism (or actual photographic prints) and swirling, abstract gestures — there's something abject about the way his neo-expressionist, candy-colored marks might, for instance, cover a woman's face. His new work will be in Mark Moore's main space while Patti Oleon's work, paintings that merge mirror images of ornate interiors, will feature in the project room.
